DO YOU HAVE THE RIGHT PEOPLE FOR EXCELLENT CUSTOMER SERVICE?

*Top customer service is a competitive advantage.
Find the right people to serve your customers – with BRIGHT.*

SCREEN IN THE BEST PEOPLE

Friendly, efficient customer service sets a successful business apart from its competitors. But how do you find the right people to serve as the face of your business when you meet customers?

Bright saves your managers time, money and frustration by screening in applicants for customer service characteristics even before they come for an interview.

Developed by psychologists in co-ordination with service employees and managers, BRIGHT screens for people with the attitudes best suited to interacting with your customers.

WHAT DOES BRIGHT LOOK FOR?

Different jobs require different attitudes and behaviors. BRIGHT can be adapted to whatever job you need to fill, whether it is retail, security, call centers, transport or something else entirely.

You set the attitude parameters for the employee you are looking for, such as:

- + **Active:** Is the right employee outgoing and friendly?
- + **Supportive:** Is the right employee helpful and empathetic?
- + **Strong:** Is the right employee self-confident and independent?
- + **Moral:** Is the right employee highly ethical and accountable?

LOWER YOUR EMPLOYEE TURNOVER

By screening in people who are right for the job, you can cut down on stressful and expensive employee turnover.
